

## COMPANY PROFILE

### Angelus Medical Clinic, Inc. (AMCI)

was established on January 20, 1989 as a subsidiary of Healthkard International, Inc. (HKI), one of the leading Health Maintenance Organizations (HMOs) in the country.

In 1990, the company responded to a growing need for a well-screened and healthy workforce; hence, it applied for and received accreditation from the Department of Health (DOH) to provide Pre-Employment Medical Examination (PEME) to seabased and landbased overseas workers.

It has earned its international merits by the fact that AMCI was the first clinic in the country to be QSS certified by PCAHO and ISO to the 9001:2008 standards and 9001:2015 version.

## MISSION

We are committed to ensure that our conduct of PEME is done professionally and in accordance with applicable stakeholders requirements.

## VISION

To attain international recognition for medical excellence in the delivery of pre-employment medical services.

## QUALITY POLICY

We shall endeavor to render accurate PEME by maintaining a knowledgeable, well-trained and value-driven staff. We are committed to continually improve our quality management system which shall conform to client, statutory and regulatory requirements.
